PHYSICAL ACCESS CONTROL

multiCLASS SE® Readers Seos® Profile

Designed for migration, multiCLASS SE® Readers Seos Profile support both legacy credentials alongside innovative new technologies for access control. This enables a gradual transition to technology that supports higher security and new functionality, including support for HID Mobile Access.

- **Flexible** - Configured to support Seos® and legacy HID Prox technology - excellent for upgrading to higher security.
- **Simple** - Readers designed to meet any installation requirement.
- **Mobile Ready** - Can be ordered to support HID Mobile Access using NFC and Bluetooth Smart
